A team was created in the Office of Patent Publication and tasked with ensuring that all allowed applications over 1 year old that have not issued into patents are located and returned to the patent printing process. The team needs your assistance with this application in order to fulfill the objective.

This application is an electronic application. The application was allowed on 12/2/04 and the issue fee was paid on 3/2/05. Please take action on the following item(s).

Note the RUSH of 4/11/05 -- the allowed claims per NOA 12/2/04 are 24 & 25, neither of which is an independent claim. There must be an independent claim. Please correct (rewrite claim 24 in independent form?) and send documentation, including a response to the RUSH, for scanning.

Please "reply all" to this message, with confirmation that you have taken action, within 7 days.

Thank you in advance for your assistance in this matter and timely handling of this application.
